

Southern Pacific Masters Swimming Meet Coordinator's Report

Prepared for Thursday, February 21st, 2013 SPMS Committee Meeting

Since our last Conference call, we had 3 swim meets and I attended one SCPPOA meeting.

On January 20th was the Santa Clarita swim meet. The weather was warm and sunny but windy. The swim meet went well. We started a couple of minutes late. I scored the meet a high score.

On February 7th was the SCPPOA meeting. The topic was the City of Los Angeles Lifeguard Training Program. They distributed a handout and gave a slideshow on how they hire and train for the program. It was a good presentation. They went into detail how they train and water tests, they talked about how returning lifeguards come back for another year.

On February 9th we had a swim meet at Rose Bowl. For the first couple of events the weather was cold, but then it warmed up. There was a good turnout. The meet started a couple of minutes late but finished before 1 p.m. I scored the meet a high score.

On February 16th we had a swim meet in Las Vegas. The swim meet started 21 minutes late but it finished early. It was a good swim meet and I did give it a high score.
