

# **Southern Pacific Masters Swimming Meet Coordinator's Report**

**Prepared for Thursday, March 21<sup>st</sup>, 2013 SPMS Committee Meeting**

Since the last conference call we had two swim meets. The first was the Caltech Pentathlon on March 3rd. We had good weather and there were about 30 heats of each event. The meet went smooth and there weren't any problems. I rated the meet a high score.

The UCI meet took place on March 17th. One swimmer broke some records. There was good weather, no wind. It was St. Patrick's Day and a lot of people wore green. The meet started at 9:05 a.m. and ended at 1:30 p.m. We were short on timers, announcers, and runners. We had to re-seed one event and there was a problem with printing out the labels. I will pass out the ribbons from the UCI meet at the Pierce College meet, the UCLA meet, and at the SCY Championships in Santa Clarita.

I also attended the SCPPOA meeting on March 14th. The topic was "New California Pool Codes. How do they affect you?" Paul Graves from Councilman Hunsaker had a slide show and handouts. He talked about many different topics.
