

# SPMS Top 10/Recorder Report – October 18, 2018

Thank you to those of you that helped me my first 2 weeks especially last week with exporting and posting Mission Viejo, October 7. I am waiting to receive by mail the documentation for the Nevada Senior Games, October 6-7. (A recognized event).

There were 10 SPMS Records set and 3 National Records are pending from the Mission Viejo Meet. The SPMS records were set by Bonnie Spivey, 60-64 Women, LAPS (3), Christie Ciraulo, 65-69 Women, UCLA (3) and Jurgen Schmidt, 95-99 Men, MVN (4). The three pending National Records are for the three Breaststroke events swam by Anne Williams, 80-84 Women, San Diego Swim Masters.

**I am asking in this report that the Meet Operations Committee review the SPMS Policies and Procedures, Section IV, B (Top Ten Recorder) and Section VII (Records).** The wording of Section VII (Records) frankly reminded me of the 1980s before we had massive times databases for both Swim Meets and Individual Times. Part of my suggested changes would be a much simpler rewrite stating that SPMS Individual and Relay Records are maintained using USMS National Record “parameters”, and that SPMS Top 10 lists and Open Water/Postal Records may be established. I have other suggested “wording” and I am available to the committee for consultation.

I have updated the SCM records and they have been posted to the SPMS website by both Age Group and Event order. FYI – The SCM Records DO NOT include 2018 SCM Records that were broken in the Spring, 2018 (or MVN). I plan to submit to Dan updated 2018 SCM Records after the UCLA meet and before our Championships.

Please contact me by phone or email if you have corrections, suggestions or questions.

## **The following is an outline of my current time goals for various projects:**

**GO THE DISTANCE – TOP 10 Best Annual Mileage by Age Group – DONE AND ON WEBSITE**  
**SCM Individual Records – Lists by both Age Group and Events – DONE AND ON WEBSITE**
