

Records/Top 10/Meet Recorder Report

Over the last few months, I have become more aware of issues dealing with Top Times Recognition and Meet Administration (Operation). I especially am appreciative of the help and recent advice/ideas that I have received from President Mark, VP Kenny and Registrar Dan.

The Meet Operations Committee, which I am a member of, will be addressing soon some of these issues. A couple of the issues that I (and others) might find interesting for discussion are: 1) Setting a consistent, maximum number of relays at Championships and SPMS hosted Zones. Recent Championships/Zones have had relay limits of 5, 7, or 10, and 2) Establishing SPMS Records/Top 10 times for the 25 yard events. I would appreciate any opinions or ideas on these and other possible changes to our Meet Operations, and Time Recognition.

I have submitted the Short Course Meter times for the USMS Top 10.

The following is an outline of my current time goals for various projects:

GO THE DISTANCE – TOP 10 Best Annual Mileage by Age Group – DONE AND ON WEBSITE
