

Top Ten Report - October 2020

Submitted the following to Webmaster on 10/07/2020

- updated SCY SPMS Top 10 all time individual
- updated SCM SPMS Top 10 all time individual

About 75% done with LCM SPMS Top 10 all time individual-- will be done by the end of the month.

SCY, SCM, LCM all time relay will be next

Submitted an RFE to National for their sort on Top Time; it is misleading.

On the USMS website, if you check the box for single best time, and then sort by LMSC, you do not get a list of LMSC top times. If a swimmer has ever swum a better for another LMSC in the same age group, their name doesn't appear...

So instead of the list being the top 10 in SP for 30-34 Men, it is actually the top 10 in SP for 30-34 Men *if you never swam a better time when you were registered in another LMSC*. In order to get the top 10, you must list all times for all swimmers, and then sort and pick out times manually.
