OPEN WATER REPORT

1. non-sanctioned swims
Not eligible to be posted anywhere on the SPMS site.
Clubs may post and put in newsletters. Social media may post.

2. Newport Pier to Pier
Great race, good conditions, set came in right as race started (of course!). Sand signups were done on personal cell phones and there were some glitches on the payment portal that were handled fairly efficiently. T-shirt design liked by all. Results posted online promptly.

There were 119 result finishers.

Club Assistant shows 143 entries with 51 OEVT and 92 USMS Members. Where did the difference come in?

USMS club affiliation needs to be added to results – have requested Brandon to update.

3. Corona del Mar
Unfortunately, having a great deal of difficulty getting the .pdf posted to our website. After repeated email requests and phone message, it still isn't posted.

Entry link is online, .pdf link goes to USMS instead of to our .pdf

Event Information PDF HAS NEVER BEEN POSTED

Posted to USMS Calendar of Events: USMS Event ID: 20220827CDMDBO NOT POSTED TO PAGE

4. Mission Mile
in sanction process.

5. working on updating the SPMS Open Water Practice Guidelines & Checklist
17JULY2022

SPMS Open Water Chair Report
