

## **Top Ten Report - February 2023**

Reviewed and submitted the Palm Springs meet to the national database. There were two American records—Bev Montrella of MVN in the 75-59 1650 Free, and Maurine Kornfeld of ROSE in the 100-104 100 Back

I submitted SPMS SCM rankings in early January, and preliminary results came out last week. If anyone finds errors, please let me know. Final USMS SCM Top 10 rankings will be out in a few weeks.

Please everyone remember to submit split requests if there is the slightest possibility of setting a record or for Top 10. They must be done before the meet ends and cannot be submitted later.

As a reminder, all sanctioned USA Swimming meets are USMS Recognized and although FINA records cannot be set at these meets, times are good for Top 10 and USMS records. If you have a dual registered athlete setting T10 or USMS records at a USA Swimming meet, they must request the meet/times be added.
